About Viva

VIVA is a trusted and renowned brand in the Indian market for its best-in-class ACP product line, and its class apart service. With experience of over two decades, Viva has a stronghold in the International & Indian market. Viva Composite Panel Pvt. Ltd. is one of India's leading Aluminium Composite Panels (ACP) manufacturers. Viva's products are known for their quality and durability, making us a go-to choice for many customers. Viva has state-of-the-art Korean machines, integrated infrastructure, and a talented pool of professionals operating them. The plant is equipped with all safety measures and solar power to ensure uninterrupted production. The in-house testing labs ensure the highest quality and precise specifications. Apart from manufacturing state-of-the-art Aluminium Composite Panels, we also manufacture Honey Comb panels and Zinc Composite Panels.

ACPs in sync with the hues of Zinc

At our company, we pride ourselves on making our panels accessible and affordable for all of our customers. We understand that everyone has different styles, colors, and textures that they want for their dream projects, so we make it a priority to bring as much variety as possible. Inspired by the Zinc series, with the ALZinc series we've managed to create a product that has fantastic texture and color without compromising on quality. We want our customers to achieve their dream projects, so we keep our prices pocket-friendly.
